

System Requirements

Lexia Reading requires that the student software **be installed on each student machine and not run off a central server due to the large number of graphic and sound files.** MyLexia, the educator view for Lexia Reading, is accessed via a Web browser.

Lexia Reading Student Software

Macintosh

- Mac OS X 10.4 or higher
- At least 256 MB of RAM
- At least 500 MB hard drive space
- Speakers or headset (headset recommended)
- 32 MB accelerated video graphics card or better

Windows

- Windows XP (SP3), Vista, Windows 7
- At least 256 MB RAM
- At least 500 MB hard drive space
- Speakers or headset (headset recommended)
- 32 MB accelerated video graphics card or better

- Minimum screen resolution of 800x600
- Persistent Internet Connection
- Compatible web browser (see below)
- Access to student.mylexia.com and update.lexialearning.com must be white listed on firewall/proxy

Notes:

Lexia Reading student software v6.0.2+ has been tested and found to work properly on the following NComputing systems, with either Windows XP or Windows Server 2003 on the host machine: X550 and L230.

Other thin clients, Citrix, Terminal Services/Remote Desktop, virtual machines, and other remote access or PC-sharing systems are *not* supported.
